For Year 10 learners

CONFIDENCE TO ARGUE

Building year 10 pupils' confidence to produce good spoken arguments. Offers a range of tools and practice to support your pupils to develop key academic skills in critical thinking, creating acadmic arguments, structured responses to assessment, and authoritative presentation. All of our programmes are free to eligible school learners.

WORKSHOPS

- Dates as required
- Usually one hour
- In-school delivery
- deal for classes or small groups
- Online alternative delivery available

Learners are invited to interrogate academic vs everyday meaning of "argument", practice tips and tricks for good presentations, and compete to come up with the best argument from random prompt cards. This fun session is standalone but also perfect preparation for the conference.

CONFERENCE

Wednesday 30th March 2022

- Whole day
- At the University of Oxford
- Up to 14 pupils per school
- Travel and teacher cover contributions available

An immersive day of activities as delegates compete in the Confidence to Argue Challenge. Participants are guided to choose, develop and present the best argument on a theme revealed on the day. Places are limited and subject to availability.

Workshops: book anytime

Conference applications by: 21st Jan 2022
