

THE RIGHT FIT

A guide to university
for students

Biology

Should I go to uni?

Why study Biology?

- 1 For lots of career options¹
- 2 To understand our world better²
- 3 To improve people's lives³
- 4 To work with cutting edge technology and gain soft skills⁴

What could I do with Biology?

Other than a nurse or a doctor, you could be:

1 **A Radiologist** who saves people's lives by diagnosing conditions through various imaging techniques.

Possible degree: Medicine BM BCH at the University of Oxford.

2 **A Zoologist** who researches animals and conserves their habitats all over the world.

Possible degree: Animal Biology and Conservation BSc at Oxford Brookes University.

- 4 | the-scientist.com

3

A Clinical Psychologist

who works in a hospital and practically helps people improve their mental health.

Possible degree: Applied Psychology (Clinical) MSci at the University of Reading.

4

A Sports Coach who helps athletes to work towards achieving their full potential.

Possible degree: Sports Development and Coaching BA at Bucks New University.

For more information about these and many more jobs, visit prospects.ac.uk.

What about alternative routes?

It's hard to decide what you want to do when you are older. So if you're not sure about going to university, these websites could help:

- notgoingtouni.co.uk will help you find out about alternatives to university.
- careerpilot.org.uk will help look at all your options at the ages of 16, 18 and even afterwards.
- findapprenticeship.service.gov.uk to find a full list of apprenticeships in the UK.
- **Gear up** The Study Higher alternative routes advisory.
For more information please register on the Study Higher website.

You could also:

- Go to a University open day
opendays.com
- Sign up for a taster day or masterclass unitasterdays.com
- Get some work experience to find out what you enjoy.
- Carry on with your hobbies and interests.
- Check out jobs on prospects.ac.uk

CHOOSE SOME UNIS

1

CHOOSE A DEGREE

I THINK I WILL GO TO UNI,
WHAT TO DO NOW?

Choosing a course

There is a lot of information out there so while you are choosing a subject keep these things in mind:

Entry requirements

These will vary from course to course.

Course content

Always check the modules on the course to make sure you get to study topics that interest you.

Teaching method

What suits you the most: independent study, lectures, seminars?

Assessment types

Do you do best in coursework, practical work or exams? Also does the course provide certifications you need?

Entry Requirements

Universities publish their typical entry requirements. Some universities will also have contextual offer which are lower requirements depending on the student's background, skills or a variety of other reasons.

Work experience opportunities and careers help

Does the uni you are considering have connections with employers, help with getting a job or a placement, study abroad opportunities, sandwich year, interview process training, etc?

Choosing a university

To make choosing from hundreds of UK universities easier, **consider the following things:**

Size

Some unis only have 1000 students while some might have over 30,000!

Location

How far do you want to be from home? In a big city or smaller town? Up north or down south?

Campus or city university?

Campus universities have all their buildings on one big campus. City universities are spread around a bustling city.

DEGREE	EXAMPLE OF UNI	ENTRY REQUIREMENTS	CAREER PROSPECTS ¹ AFTER 6 MONTHS	
			% EMPLOYED	AVERAGE EARNING
Medicine BM BCH	University of Oxford	A*AA incl Chemistry and one of Biology, Physics or Maths	100	£32,000
Sport Development and Coaching BA	Bucks New University	CDD–BB (minimum 2 A-levels)	90	£18,000
Animal Biology and Conservation BSc	Oxford Brookes University	BCC including at least one science subject	75	£20,000
Applied Psychology (Clinical) MSci	University of Reading	AAB, Biology recommended, GCSE: Grade 6 (B) in English, Maths and Science	91	£18,000

These are some of the degrees for the jobs mentioned earlier.

1 | discoveruni.gov.uk

Cost of living and accommodation

The north is usually cheaper than the south. Cities are more expensive than rural areas. Quality and price of accommodation will vary too.

Bursaries, grants and support for you

Financial awards are different at each university. Check which university will support you most suitably.

Sports clubs and societies you might want to join

Do you want to carry on a sport or maybe try a new hobby? Check if the uni you are looking at has the clubs you are interested in.

Reputation

What is the university known for? Academics, sport, atmosphere, and so on.

The Higher Education system in the UK is set up so that anyone who wants to go to university, can! So don't let the finances deter you.

Finance

When you apply for student finance you claim two different loans¹;

A tuition loan of up to £9,250/annum¹ for the cost of your studies – paid in full to the university. None of the tuition fee has to be paid up front by you.

A maintenance loan up to £12,010/annum¹ for living costs – paid in termly instalments to you. This loan is income and circumstance assessed.

Note: These numbers change year on year so please check slc.co.uk or gov.uk for up to date information.

Repayments¹

As of April 2020², repayments for student loans:

- Start the April after you graduate and only once you earn over £26,575.
- Stop if your income drops below £26,575, which means if you are not earning enough your parents don't have to cover you.
- Are taken straight out of your pay check so you never have to go to the bank to pay it.
- Are 9% of your earnings over £26,575 (see table).
- Do not affect your credit rating or your ability to get a mortgage.
- All outstanding debt is written off after 30 years.

SALARY PER YEAR	£ OVER £26,575	9% (IN £)	MONTHLY REPAYMENT IN £
£21,000	0	0	0
£25,000	0	0	0
£30,000	3,425	308	25
£40,000	13,425	1,208	100

AVERAGE GRADUATE SALARY 2019

ABOUT THE SAME AS A PHONE CONTRACT

University can be expensive, but over a lifetime with a degree you are likely to earn many times more than you will repay. If you have an ambition, a dream or an interest in a subject, it is worth it to invest in your own future!
