## Languages

# Should I go to uni?

## Why study Languages?

- 1 For great communication and problem solving skills
- 2 For a better understanding of different cultures
- 3 To gain great negotiation and influencing skills
- 4 For job opportunities that can take you around the world!

## What could I do with Languages?

Other than an interpreter or translator but you could also be:

**1 International Business Development Manager** Most businesses are now global, and require their business managers to travel abroad to find new clients so managers who can speak more than one language are very important!

**Possible degree:** International Management and Business Administration with French BA at the University of Reading.

**2**

**UN Officer** The UN is an international organisation working on issues such as peace and security, climate change, sustainable development and human rights. Understanding people's language and background can get you far in helping to build a better world.

**Possible degree:** Global Studies and Modern Languages BA at the University of Essex.

WHAT TO DO NOW?**

# Choosing a course

There is a lot of information out there so while you are choosing a subject keep these things in mind:

## **Entry requirements**

These will vary from course to course.

## **Course content**

Always check the modules on the course to make sure you get to study topics that interest you.

## **Teaching method**

What suits you the most: independent study, lectures, seminars?

## **Assessment types**

Do you do best in coursework, practical work or exams? Also does the course provide certifications you need?

## **Entry Requirements**

Universities publish their typical entry requirements. Some universities will also have contextual offer which are lower requirements depending on the student's background, skills or a variety of other reasons.

## **Work experience opportunities and careers help**

Does the uni you are considering have connections with employers, help with getting a job or a placement, study abroad opportunities, sandwich year, interview process training, etc?

# Choosing a university

To make choosing from hundreds of UK universities easier, **consider the following things:**

## **Size**

Some unis only have 1000 students while some might have over 30,000!

## **Location**

How far do you want to be from home? In a big city or smaller town? Up north or down south?

## **Campus or city university?**

Campus universities have all their buildings on one big campus. City universities are spread around a bustling city.

DEGREE	EXAMPLE OF UNI	ENTRY REQUIREMENTS	CAREER PROSPECTS <sup>1</sup> AFTER 6 MONTHS	
			% EMPLOYED	AVERAGE EARNING

### **Cost of living and accommodation**

The north is usually cheaper than the south. Cities are more expensive than rural areas. Quality and price of accommodation will vary too.

### **Bursaries, grants and support for you**

Financial awards are different at each university. Check which university will support you most suitably.

### **Sports clubs and societies you might want to join**

Do you want to carry on a sport or maybe try a new hobby? Check if the uni you are looking at has the clubs you are interested in.

### **Reputation**

What is the university known for? Academics, sport, atmosphere, and so on.

The Higher Education system in the UK is set up so that anyone who wants to go to university, can! So don't let the finances deter you.

## Finance

When you apply for student finance you claim two different loans<sup>1</sup>;

**A tuition loan of up to £9,250/annum<sup>1</sup> for the cost of your studies** – paid in full to the university. None of the tuition fee has to be paid up front by you.

**A maintenance loan up to £12,010/annum<sup>1</sup> for living costs** – paid in termly instalments to you. This loan is income and circumstance assessed.

**Note:** These numbers change year on year so please check [slc.co.uk](http://slc.co.uk) or [gov.uk](http://gov.uk) for up to date information.

### Repayments<sup>1</sup>

As of April 2020<sup>2</sup>, repayments for student loans:

- Start the April after you graduate and only once you earn over £26,575.
- Stop if your income drops below £26,575, which means if you are not earning enough your parents don't have to cover you.
- Are taken straight out of your pay check so you never have to go to the bank to pay it.
- Are 9% of your earnings over £26,575 (see table).
- Do not affect your credit rating or your ability to get a mortgage.
- All outstanding debt is written off after 30 years.
