

Nursing

A guide to university for students

Should I go to uni?

Why study Nursing?

- 1 To make a difference and to have a job with real meaning.
- 2 To have a job that will always be in demand.
- 3 For great personal development opportunities.
- 4 For a rewarding and challenging career.

What could I do with Nursing?

There are many different types of nursing. While all will lead to you becoming a qualified nurse, based on your passions and interests you might be happier as one rather than the other:

Any of these degrees (all of which should lead to full nursing registration) provide you the opportunity to potentially:

- Become a clinical specialist (such as a Consultant Nurse) in your chosen field.
- Become a nurse manager.
- · Become involved in research.

A Children's Nurse who works with children of all ages suffering from many different conditions. They play a key role in assessing the nursing needs of the child, considering their medical, social, cultural and family circumstances.

Possible degree: Nursing (Children's) BSc at Bucks New University.

A Mental Health Nurse
works with people dealing
with difficult mental health
issues. They also work to
combat stigma around
mental health and help
patients and their families
deal with it.
Possible degree: Nursing

Possible degree: Nursing (Mental Health) BSc at Bucks New University. 3

A Learning Disability Nurse who helps people with learning disabilities get the most out of their lives.

Possible degree: Nursing (Adult and Mental Health)

MSci at Oxford Brookes
University.

4

An Adult Nurse who is probably the person you think of when you think of a nurse. They are responsible for the primary care of people in the hospital.

Possible degree: Nursing (Adult) BSc at Oxford Brookes University.

For more information about these and many more jobs, visit:

healthcareers.nhs.uk nmc.org.uk

What about <u>alternative</u> routes?

It's hard to decide what you want to do when you are older but there are alternative ways to become a nurse such as by doing the new Nursing Apprenticeship or the Nursing Associate Apprenticeship and then moving onto the Nursing Apprenticeship. So, if you're not sure about going to university, these websites could help:

- notgoingtouni.co.uk will help you find out about alternatives to university.
- careerpilot.org.uk will help look at all your options at the ages of 16, 18 and even afterwards.
- findapprenticeship.service.gov.uk to find a full list of apprenticeships in the UK.
- · healthcareers.nhs.uk
- · jobs.nhs.uk

Other important criteria

No matter what route you take to healthcare, it is important that you are able to demonstrate certain values and behaviours that are vital for a career in healthcare. These values and behaviours are all about how you as an individual make decisions about your actions. There are two sets of values:

Work experience

Anyone considering a career in healthcare must have relevant work experience. Any length of work experience whether in a hospital or not, volunteering or part-time work can be useful. Always think about how you can relate your work experience to the values and behaviours mentioned here.

The 6 Cs:

Care
Compassion
Courage
Communication
Commitment
Competence

The NHS Constitution values and behaviours:

Working together for patients
Respect and dignity
Commitment to quality of care
Compassion
Improving lives
Everyone counts

For more information on NHS values and work experience visit the

healthcareers.nhs.uk and england.nhs.uk websites.

Choosing a course

There is a lot of information out there so while you are choosing a subject keep these things in mind:

Entry requirements

These will vary from course to course.

Course content

Always check the modules on the course to make sure you get to study topics that interest you.

Teaching method

What suits you the most: independent study, lectures, seminars?

Assessment types

Do you do best in coursework, practical work or exams? Also does the course provide certifications you need?

Choosing a university

To make choosing from hundreds of UK universities easier, consider the following things:

Entry Requirements

Universities publish their typical entry requirements. Some universities will also have contextual offer which are lower requirements depending on the student's background, skills or a variety of other reasons.

Work experience opportunities and careers help

Does the uni you are considering have connections with employers, help with getting a job or a placement, study abroad opportunities, sandwich year, interview process training, etc?

Size

Some unis only have 1000 students while some might have over 30,000!

Location

How far do you want to be from home? In a big city or smaller town? Up north or down south?

Campus or city university?

Campus universities have all their buildings on one big campus. City universities are spread around a bustling city.

DEGREE	EXAMPLE OF UNI	ENTRY REQUIREMENTS	CAREER PROSPECTS ¹ AFTER 6 MONTHS	
			% EMPLOYED	AVERAGE EARNING
Nursing (Adult) BSc	Oxford Brookes University	BCC, sciences recommended*	95	£22,000
Nursing (Adult and Mental Health) MSci	Oxford Brookes University	BCC including one science subject*	96	£22,000
Nursing (Children's) BSc	Bucks New University	BBC*	100	£23,000
Nursing (Mental Health) BSc	Bucks New University	BBC*	95	£23,000

^{*}All degrees above require GCSE: Grade 4 (C) in English, Maths and Science

These are some of the degrees for the jobs mentioned earlier.

1 | discoveruni.gov.uk

Cost of living and accommodation

The north is usually cheaper than the south. Cities are more expensive than rural areas. Quality and price of accommodation will vary too.

Bursaries, grants and support for you

Financial awards are different at each university. Check which university will support you most suitably.

Sports clubs and societies you might want to join

Do you want to carry on a sport or maybe try a new hobby? Check if the uni you are looking at has the clubs you are interested in.

Reputation

What is the university known for? Academics, sport, atmosphere, and so on. The Higher Education system in the UK is set up so that anyone who wants to go to university, can! So don't let the finances deter you.

Finance

When you apply for student finance you claim two different loans¹;

A tuition loan of up to £9,250/annum¹ for the cost of your studies – paid in full to the university. None of the tuition fee has to be paid up front by you.

A maintenance loan up to £12,010/ annum¹ for living costs – paid in termly instalments to you. This loan is income and circumstance assessed.

Note: These numbers change year on year so please check **slc.co.uk** or **gov.uk** for up to date information.

Repayments¹

As of April 2020², repayments for student loans:

- Start the April after you graduate and only once you earn over £26,575.
- Stop if your income drops below £26,575, which means if you are not earning enough your parents don't have to cover you.
- Are taken straight out of your pay check so you never have to go to the bank to pay it.
- Are 9% of your earnings over £26,575 (see table).
- Do not affect your credit rating or your ability to get a mortgage.
- All outstanding debt is written off after 30 years.

	SALARY PER YEAR	£ OVER £26,575	9% (IN £)	MONTHLY REPAYMENT IN £
	£21,000	0	0	0
AVERAGE GRADUATE	£25,000	0	0	0 ABOUT
SALARY 2019	£30,000	3,425	308	0 ABOUT THE SAI AS A PHO CONTR
7027	£40,000	13,425	1,208	100

University can be expensive, but over a lifetime with a degree you are likely to earn many times more than you will repay. If you have an ambition, a dream, or an interest in a subject, it is worth it to invest in your own future!
