

For Year 12 learners

BIG QUESTIONS LITTLE QUESTIONS

Enhancing academic skills and confidence for progression for sixth form learners. Introduces terminology and concepts of critical thinking, links school, university, and workplace ways of study and thinking, and helps learners to better demonstrate engagement in assessment. All of our programmes are free to eligible school learners.

WORKSHOPS

- ▲ Dates as required
- ▲ Usually one hour
- ▲ In-school delivery
- ▲ Ideal for classes or small groups
- ▲ Online alternative delivery available

Two workshops available: *Think Critically* encourages learners to adopt a university mind-set to asking questions. *Develop Your Research Question* supports the creation of good independent study topics, ideal for learners taking EPQs.

CONFERENCE

- ▲ **Wednesday 2nd March 2022**
- ▲ Whole day
- ▲ At the University of Oxford
- ▲ Up to 14 pupils per school
- ▲ Travel and teacher cover contributions available

A taste of the sorts of research that undergraduates, postgraduates, and academics undertake, as well as skills training to help participants better demonstrate their critical engagement with subjects in assessment. Places are limited and subject to availability.

Workshops: book anytime

Conference applications by: 21st Jan 2022
